WAIKATO STUDY GROUP MEETING
Wednesday 11 October 2017 at 6.30pm

REGISTER EARLY
LECTURE LIMITED TO 40 SEATS
Registrations & Refreshments
from 6.00pm.

Dr Marshall Hanson is a member of the New Zealand Academy of Cosmetic Dentistry and an Accredited Fellow Member of the American Academy of Cosmetic Dentistry.

His clinical work has been published in various peer reviewed journals, nationally and internationally, with a focus on new technologies and responsible aesthetics.

He graduated with Honors from the University of the Pacific Arthur A. Dugoni School of Dentistry (UOP) in 2007, and currently works at Villa Dental in Hamilton, New Zealand.

PRESENTER:

DR MARSHALL HANSON DDS, FAACD

TOPIC: If You Offer Cosmetic Dentistry, You Will Love These Techniques!

In cosmetic dentistry we offer some version of five different restorative options to patients; namely

1. six or more anterior indirect restorations
2. one or two anterior indirect restorations
3. replacing a missing anterior tooth with either a bridge or an implant
4. restoring a fractured incisal edge or closing a diastema with composite resin
5. six or more direct anterior composite resin veneers.

Finding the right clinical techniques for these procedures can mean the difference between confidence, predictability and job fulfilment - or frustration.

LEARNING OUTCOMES:

Attendees will review key components of planning through execution of these five different case types and learn to apply all of Dr Hanson's favourite clinical techniques and tips that make offering these cosmetic procedures more predictable, efficient, and enjoyable.

Concepts and techniques learned will include simplified concepts that can consistently produce invisible resin restorations, pre-approving your smile make-over, 'no-fail' veneer preparations, recreating natural incisal translucency with direct resin, finishing and polishing - simplified, ideal tissue around your implants in the aesthetic zone, blending a ceramic restoration with the surrounding dentition, and much more!

The Waikato address to attend the Study Group is

Villa Dental
697 Wairere Drive, Chartwell
Hamilton 3210.

Registrations & Refreshments from 6.00pm with Lecture 6.30pm

NZDA verifies, that based on the information provided to NZDA, this activity meets the Dental Council policy requirements for CPD.

NZDA CPD verification does not imply promotion or endorsement of the contents of any course. Attendees need to use professional judgment to assess the validity and usefulness of techniques, materials or therapeutic products to their own practice.
