

Ceramic Dental Implants

White is the new black!

Time for change
Metal-free dental aesthetics with Z-Systems

www.z-systems.de/en/html

Invitation Metal-Free Dental Implantology - State of the Art Metal-Free Fixtures

Course Programme

9.00 am Part One deals with the scientific research into mechanical and biological properties of zircon over the past 20 years, tissue interaction, biocompatibility and success rates of Z-Lock implants. The world's first certified ceramic implant will be demonstrated through clinical photos and case reports.

10.30 am Break - Morning Tea

11.00 am Part Two demonstrates the step-by-step procedure of the clinical and surgical applications of Z-Lock implants, through to the prosthodontic restoration. This will enable the participant to thoroughly understand the special properties of Z-Lock dental implants.

1.00 pm Course Concludes

Continuous Professional Development Points
Course approved for NZDA CPD credits.
