

BENNETT COCHRAN

IN ASSOCIATION WITH DR "BUD" MOPPER DDS MS

HANDS ON PARTICIPATION PROGRAMME

THURSDAY 15 MARCH 2012

RENDEZVOUS HOTEL, AUCKLAND

MAKING A DARK TOOTH LIGHTER AND BRIGHTER WITH VITALITY USING DIRECT COMPOSITE RESIN

A CHOICE OF MORNING OR AFTERNOON 4 HOUR SESSION

(each session limited to 30 participants)

Morning Session 8.30am – 12.30pm

Afternoon Session 2.00pm – 6.00pm

This four hour programme is aimed at the dentist who wants to achieve the ultimate in lifelike direct resin restorations while enjoying the artistry of creatively replacing tooth structure with a direct technique.

The participant will change an extremely dark tooth to an aesthetic, naturally appearing light tooth, using a combination of microfill, microhybrids, nanofill, opaquers and tints.

The value of proper application, sculpting, and contouring along with step by step techniques for superior finishing and polishing will be demonstrated and then executed by each participant. The goal of this course is to create a life-like tooth with warmth, whilst changing it from an extremely dark to a lighter shade.

This presentation will show you how to evaluate, select and use today's aesthetic materials to their best advantage.

Learning Objectives:

1. Learn the value of opaquers and tints
2. Learn how to increase value, while maintaining a lifelike and natural look
3. Learn superior finishing and polishing techniques
4. Learn how to evaluate, select and use today's aesthetic materials to their best advantage
5. Learning will be based around the Renamel Restorative System

Bennett Cochran Biographical Information

Mr Bennett Cochran has been working alongside Dr Buddy Mopper for over 11 years.

He has taught hands-on courses on the uses of composites in the United States and throughout the world.

He is a regular presenter at the Center for Esthetic Excellence in Chicago and has taught at the Royal College of Surgeons in London, the FAMDENT conference in Delhi, India, University of Szeged in Szeged, Hungary and a series of courses throughout New Zealand.

Additionally, he has worked with many well-known lecturing dentists worldwide helping them with their hands-on programs.
