

LECTURE

FRIDAY 16 MARCH 2012

RENDEZVOUS HOTEL, AUCKLAND

K William "Bud" Mopper DDS MS

Lecture 8.00am – 5.00pm

Bud Mopper, DDS, MS **Biographical Information**

Dr Bud Mopper is in private practice in Glenview, Illinois, where he has been involved with creating dental aesthetic for 40 years.

He is an internationally renowned lecturer in aesthetic dentistry with an emphasis on Composite bonding using direct application techniques.

He co-authored, 'A Complete Guide to Dental Bonding', which was the first definitive book for the dental profession describing bonding techniques.

He is a member of the Academy of Esthetic Dentistry, Founder and Fellow of the American Academy of Cosmetic Dentistry, Diplomat of the American Board of Pediatric Dentistry, and Fellow of the American College of Dentistry.

He teaches direct resin bonding on a Continuing Education level at many major universities including the State University of Iowa and the University of Illinois, where he is an Adjunct Professor.

Dr Mopper is the recipient from the American Academy of Cosmetic Dentistry of an award for "Lifelong Commitment to Providing Excellence in Continuing Education in Cosmetic Dentistry" and an award for "Outstanding Contribution to Cosmetic Dentistry".

He received the New York University College of Dentistry "Irwin Smigel" Prize in Aesthetic Dentistry, and recently received a Lifetime Achievement award from the World Aesthetic Congress, in England, for "Outstanding Contribution to Aesthetic Dentistry".

He is director of education for the Center for Esthetic Excellence, in Chicago, Illinois., and is Co-founder and Chairman of Cosmedent, Inc. where he is responsible for its educational programs and product development.

THE ACADEMY HAS BEEN ASKED BY ITS MEMBERS ON MANY OCCASIONS TO PROVIDE INSTRUCTION WITH RESPECT TO ANTERIOR COMPOSITE BONDING. WE ARE PROUD TO BRING "BUD" MOPPER (CONSIDERED THE GODFATHER OF AESTHETIC BONDING) TO NEW ZEALAND FOR THE FIRST TIME.

WHILE COMBINING ART AND SCIENCE, "BUD" MOPPER'S ONE DAY LECTURE **THE KEY TO SUPERIOR AESTHETIC RESULTS WITH DIRECT RESIN BONDING – AN INTERACTIVE TOUR**, IS DESIGNED TO GIVE ATTENDEES THESE ATTRIBUTES.

- Learn how to evaluate, select and use today's materials: Microfills, Microhybrids and Nanofills to best advantage
- Learn to achieve excellent results in a succinct stepwise manner
- See how to produce Class III, IV and V restorations that blend invisibly with the natural tooth.
- Shown in detail Diastema closure for restorative orthodontic corrections.
- Clearly illustrated are the placement of direct resin veneers, full bonded (composite) crowns, composite repairs of all types.
- Understand the necessity of opaquers and tints and see their use demonstrated
- Colour selection and development will be emphasised
- Colour matching and tooth colour changing
- Learn how to achieve ideal morphology of anterior teeth through proper composite sculpting techniques
- Contouring, finishing and polishing are described in detail
- See how aesthetic and biologically-compatible results are achieved whilst adhering to the principles of minimally invasive dentistry.

Bud's all day presentation is packed full of how to's and take home Monday's ... he keeps no secrets.

Learn a philosophy of practice and communication that allows the patients to understand and easily accept proposed treatment plans.

Bud feels we hold the world in our hands – only if we use them with true knowledge, skill and most of all creativity. In his mind this is the essence of dentistry.

You can truly become the dentist – artist and the "fear" of bonding will change to the "joy" of bonding. When done properly, creative bonding can literally change your life as well as your patient's life. The total result will overwhelm you.

7 Verifiable CPD Credits
