Invites all Dunedin Dentists & Technicians to the  
**DUNEDIN STUDY GROUP MEETING**  
**Friday 7<sup>th</sup> August 2020 at 7.30pm**

**Dr Clarence Tam**  
 Clarence is originally from Toronto, Canada, where she completed her Doctor of Dental Surgery and General Practice Residency at the University of Western Ontario and the University of Toronto. Clarence's practice is limited to

cosmetic and restorative dentistry. She is well-published to both the local and international dental press, writing articles, reviewing and developing prototype products and techniques in clinical dentistry. She is an often-sought-after lecturer internationally. Clarence is currently one of only two individuals in Australasia to hold Board-Certified Accredited Member Status with the American Academy of Cosmetic Dentistry. Clarence is a Key Opinion Leader for multinational dental companies Kuraray Noritake, J Morita Corp, Hu-Friedy, Henry Schein, Ivoclar Vivadent, Dentsply Sirona, Kerr, GC Australasia, SDI, Coltene, Triodont and is the only Voco Fellow in Australia and New Zealand. She holds Fellowship status with the International Academy for DentoFacial Aesthetics and sits on the Board of Smiles For the Pacific, an educational trust and charity for dental professional development across the South Pacific.

**2 HOURS VERIFIABLE CPD CREDITS**

NZDA verifies, that based on the information provided to NZDA, this activity meets the Dental Council policy requirements for CPD.  
 NZDA CPD verification does not imply promotion or endorsement of the contents of any course. Attendees need to use professional judgment to assess the validity and usefulness of techniques, materials or therapeutic products to their own practice.

**NZACD Members complimentary**

**Non-Members - \$75** including gst discounted to **\$55** if payment received prior to lecture date.

**PRESENTER:**  
**DR CLARENCE TAM**  
**TOPIC:**

Minimally Invasive, Maximally Esthetic V2.0

**Lecture Synopsis:**

Our quest to mimic nature has driven technology to develop tools that not only hone our eye in both direct and indirect smile design, it has given us the ability to plan with the end in mind. This concept of Responsible Esthetics allows three-dimensionally-guided, biomimetic dentistry to be performed by the modern cosmetic dentist. Cutting edge techniques ranging from resin infiltration, complex layering to prep substrate decontamination for maximal resin shear bond strengths in indirect cementation will be discussed.

**Learning Outcomes:**

1. The attendee will develop critical aesthetic analytical skills in planning complex anterior restorative dentistry.
2. The attendee will review a non-invasive protocol for treatment of white spots and incisor hypo-mineralization, as well as the sequence for staging different treatment options.
3. The attendee will review the use of GICs as bulk dentin replacements and how to maximise their benefits using a modified dentin preparation protocol.
4. The attendee will learn how to use tints and effects to make their composite layered restorations pop.
5. The attendee will review a cementation protocol that will eliminate contamination and reduce bond strengths by various homeostatic agents.

All attendees must rsvp (for catering purposes) by Friday 31<sup>st</sup> July 2020 to [admin@nzacd.co.nz](mailto:admin@nzacd.co.nz) or telephone 09 358 4647

No refund will be made for cancellations received less than 7 working days of the event. No refunds for "no-shows"

The Dunedin address to attend the Study Group is

**Distinction Dunedin Hotel**  
**6 Liverpool Street**  
**Dunedin**
