Invites all Tauranga Dentists & Technicians to a
TAURANGA STUDY GROUP MEETING
Tuesday 3rd September 2019 at 6.30pm

Dr. Andrea Shepperson graduated from the University of Otago in 1984. Since then she has travelled extensively for international education and advanced training. She is New Zealand's only Digital Smile Design Instructor and Master, running New Zealand's first DSD Clinic. Andrea

is an internationally recognised clinician, thought leader and educator. One of Australasia's best known dentists, she is a sought-after speaker who has always enjoyed being at the forefront of dentistry.

An Honorary Life Member of the NZ Academy of Cosmetic Dentistry and a Mentor and Alumni of the internationally renowned Kois Center in Seattle, USA.

Andrea is a past Director and Chair of the NZ Academy of Cosmetic Dentistry, and an Independent Clinical Advisor to Lumino The Dentists. She founded the Dental Fingerprint, a risk assessment tool for clinicians.

PRESENTER: Dr Andrea Shepperson

TOPIC: Making the shift to digital dentistry

Digital dentistry is gaining ground globally, and NZ dentists are slowly shifting to IOS (Intra-oral scanning). Dr Shepperson made the shift to a full digital protocol in 2016. She discusses the advantages, diagnostic capability and visibility of the digital world. Most of all she will share her enjoyment of dentistry in this new transformative space.

Learning objectives:

- What is digital dentistry?
- How far advanced are the technologies?
- How does a digital workflow compare with an analogue one?
- Machine milled restorations. How well do they perform and look?

Join the NZACD and Dr Andrea Shepperson for a stimulating look at inter-disciplinary dentistry, case studies, her experiences through the learning curve and much more.
