Invites all Wellington Dentists & Technicians to
 the WELLINGTON STUDY GROUP MEETING
Friday 7th June 2019 at 6.30pm

Matteo Moro
 began his career by completing his studies in Dental

Technology in Italy in 1995. He then attended seminars and courses held by famous professionals of the sector in Europe and worked in renowned dental laboratories as a dental ceramist. He has been focusing his work and passion in anteriors and implant all-ceramic restorations with a bio-emulation approach. "Do not only practice your art, but force your way into its secrets", is a quote of L.V. Beethoven that inspired Matteo in the research and development of a new layering technique and ceramic build-up style. Today Matteo is a Master Dental Ceramist and owner of the Dental Atelier icon.moro in Wellington.

PRESENTER:

MATTEO MORO

TOPIC:

Minimal Prep and Non Prep Ceramic Restorations

All dental professionals today agree in the importance of preserving as much as possible of the patient's dental structure, and at the same time guaranteeing the best aesthetic result for the longest period of time. This is undoubtedly possible since the available techniques allow us to manufacture extremely thin indirect restorations such as ceramic fragments and lens-contact veneers. This type of solution is considered the quintessence of dental ceramic restoration and at the same time has been neglected for so long, that today there is a very large and dissatisfied market waiting for our intervention.

LEARNING OUTCOMES:

- Appreciate and propose this type of bio-mimetic solution for aesthetic and functional purposes, when how and why.
- Treatment plan, from diagnosis to final photo.
- From bonding to polishing, step by step in order to achieve the best outcome.
- Recognise the limits ... if any.

2 HOURS VERIFIABLE CPD CREDITS

NZDA verifies, that based on the information provided to NZDA, this activity meets the Dental Council policy requirements for CPD.

NZDA CPD verification does not imply promotion or endorsement of the contents of any course. Attendees need to use professional judgment to assess the validity and usefulness of techniques, materials or therapeutic products to their own practice.

NZACD Members complimentary

Non-Members - \$75 including gst discounted to **\$55** if payment received prior to lecture date.
