

GET YOUR COMPETITIVE EDGE

The **New Zealand Academy of Cosmetic Dentistry** will run a series of nine workshops which will greatly extend your skill set in the area of Cosmetic Dentistry. The series will consist of a mix of lecture and hands-on teaching modules designed to give you an edge by learning from accomplished dentists, who are already delivering these services at an advanced level.

Specifically tailored for the newer graduate, it will take you through a number of stepping stones that will empower you by sequentially teaching you the importance of how to plan the appropriate cosmetic treatment for your patient, how to present it in a structured and compelling way to your patient, and then how to deliver beautiful and rewarding results.

NZACD GRADUATE WORKSHOP SERIES

MODULES OFFERED

Module One

Full Day: An Introduction to Cosmetic Dentistry with a focus on techniques, materials, knowledge and skill. Cases will be shown using direct and indirect techniques as well as step by step processes.

Module Two

Full Day: Direct Anterior Masterclass.

Module Three

Full Day: Direct Posterior Masterclass.

Module Four

Full Day: The Prep Class. Direct and Indirect modern preparations: when and how to switch from adhesive to cohesive preparation design.

Module Five

Morning: Cementation workshop: The How-To, Why and What to Use guide for various substrates.
Afternoon: Where to Next? Has my patient's journey into cosmetic dentistry finished...or just begun?

Module Six

Full Day: Digital Smile Design: Smile Designer Pro/Smilefy or Keynote.

Module Seven

Full Day: Provisional and Transitional Bonding Masterclass.

Module Eight

Full Day: CAD-CAM Introductory workshop: Scan-Design-Mill-Glaze a single unit.

Module Nine

Full Day: Implants: Restoring A to Z. Options and techniques.

LIMITED PLACES AVAILABLE

The Academy proposes to limit this teaching opportunity to a cohort of 16 dentists in any given cycle.

If you think this may appeal to you or one of your colleagues, please send us an email so that you may be kept up to date on progress.

Positions will be filled on a first in basis and it is expected that an outline of timeline, likely dates and associated costs will be available to you later in the year.
