

Invites all Christchurch Dentists & Technicians to the
CHRISTCHURCH STUDY GROUP MEETING

Friday 2nd October 2020 at 6.30pm

Dr Richard Eilenberg

Dr Eilenberg was accepted into the London School of Arts at the age of 15, but decided to pursue the profession of dentistry. He later graduated from the

University of Otago and was awarded the "Leask Silver Memorial Medal" for Conservative Dentistry. His passion for creativity led him to complete a Master of Science degree in Restorative Dentistry at the Eastman in London. On his return, he was awarded NZ's first "Advanced Certificate in Dentistry". He is the ex-President and Diplomat of the World Congress of Minimally Invasive Dentistry. He has been using in-surgery CAD/CAM for over 15 years. He is the ex-NZ PlanScan trainer and is the current NZ Cerec trainer. Dr Eilenberg has developed a boutique private practice with an emphasis on biomimetic restorative, reconstructive, and CAD/CAM dentistry in Auckland. Dr Eilenberg is a Key Opinion Leader for several dental companies and lectures internationally on restorative techniques. He is especially skilled at teaching hands-on, step-by-step procedures in composite and porcelain materials to generate both maximum efficiency, longevity and natural aesthetics.

2 HOURS VERIFIABLE CPD CREDITS

NZDA verifies, that based on the information provided to NZDA, this activity meets the Dental Council policy requirements for CPD.

NZDA CPD verification does not imply promotion or endorsement of the contents of any course. Attendees need to use professional judgment to assess the validity and usefulness of techniques, materials or therapeutic products to their own practice.

NZACD Members complimentary

Non-Members - \$75 including gst discounted to **\$55** if payment received prior to lecture date.

PRESENTER:

DR RICHARD EILENBERG

TOPIC:

Anterior Crowns and Veneers from start to finish

Lecture Synopsis:

This presentation is designed to review a variety of techniques and materials used for indirect anterior restorations. Clinical cases will be shown for both single and multiple anteriors. The techniques can be easily replicated in your everyday practice.

Learning Outcomes:

1. Review the components of the architecture and design of a smile
2. Managing diastema closures, retreatments, discoloured teeth, as well as post and cores
3. Learn about the art of contouring and characterization
4. Treatment plan for cost using combinations of composite veneers and porcelain veneers

All attendees must rsvp (for catering purposes) by Friday 25th September 2020 to admin@nzacd.co.nz or telephone 09 358 4647
No refund will be made for cancellations received less than 7 working days of the event. No refunds for "no-shows"

The Christchurch address to attend the Study Group is

Ivoclar Vivadent

10 Durham Street South
Sydenham, Christchurch
