

Invites all Auckland Dentists & Technicians to the
AUCKLAND STUDY GROUP MEETING

Tuesday 5th April 2022 at 6.30pm

Mr Shin Tsuji

Born in Japan, I grew up in a family of tradition craftsman dental laboratory business and mastered the craft since 2002. I moved to New Zealand in 2007 and commenced my career in the dental laboratory in Auckland obtaining the New Zealand Dental Technician qualification in the same year. From 2019, I became the director and ceramist at Tooth Maker Limited.

I have accumulated more than 15 years of experience, specialising in high-end dental ceramic restoration for both aesthetic and implant specifications which has seen a huge increase in demand in Auckland. Also focusing on combination handmade skill with recent digital technology.

I get inspiration from music, art and movies, enjoys playing soccer and goes camping with his family and friends during the summer months.
